

Attention Researchers!

Hunter New England
Local Health District

HNE Research Office Research Support Clinic

MANNING BASE HOSPITAL

Friday 24th July 2026 Commencing 9:30am with a research support presentation followed by a drop-in clinic until 12:30pm

Taree CHC Education Room 6

Bookings can be made by emailing HNELHD-ResearchOffice@health.nsw.gov.au
Drop-in's are also encouraged

The HNE Research Office is hosting a Research Support Clinic to assist researchers at any stage of their project. Our team can assist with:

- Providing direction when starting out
- Literature reviews and Library support
- Refining your study design
- Preparing your HREC submission
- Navigating governance requirements
- REGIS support

Associate Professor Nicolette Hodyl

Associate Professor Hodyl, Director of HNE Research and Translation, is a research specialist and strategist with over 20 years' academic and consultancy experience.

Professor Deborah Harris

Professor Deborah Harris draws on her expertise in neonatal care, nurse practitioner development, and health services research to guide researchers. She is dedicated to strengthening nursing and midwifery research capacity and delivers practical, supportive mentorship to early-career researchers.

Research Development

Dr Kathryn Reilly provides support for developing research questions, identifying grant opportunities, accessing educational resources, and navigating tools to enhance your research.

Ethics

Dr Sarah Moberley offers pre-submission advice, constructive feedback, and support navigating REGIS to help strengthen your ethics application.

Governance

Kristy Morris will be available to provide advice on Site Authorisations, site-specific documentation, access requests, data transfers and contracts.

Library Services

Whether you're planning a project, conducting a systematic review, or preparing for publication, Angela Smith can assist to guide your progress.

Please contact the HNE Research Office for further assistance HNELHD-ResearchOffice@health.nsw.gov.au
